TUESDAY, JULY 8, 1856.

The Daily Journal has much the largest circulation in the city and double the circulation in the country of any other daily paper printed in Louisville; and the Weekly Journal has much more than double the circulation of all the other weekly papers in Louisville put together.

We want to caution the friends of Fillmore, now everywhere in the South against the insidious misrepresentation which Mr. Fillmore is evidently at its last gasps.

It is easiest to attempt to defend others, but it is easiest to attack others. As a last effort to preserve its wretched record such a party usually did, appointing only its own friends to office, it would be compelled to fill even Southern offices with men from the North, and to this extent govern the Southern States with Northern men. Then it was asked whether the South would submit to, but would resort even to disunion in avoidance of, such a state of things.

The report of the speech bears evidence of having been loosely and therefore inaccurately made. But still there is enough to show what was meant, and to prevent any honest misconception. Mr. F. said it was a new and dangerous precedent, forming a purely sectional party, with no, but sectionally conducted, political aims.

Those who rashly supported it, and those who have not yet done so, must be aware that such a party was unnatural and acted.

As this is the case, the right of self-government, which is the right of every man, is not always true men. McCarty was the only officer that ever rallied the honor of Kentucky by the murder of prisoners in cold blood.

JUDGE MCLEAN FOR FILMORE.—It is stated on the authority of friends of Judge McLean in Philadelphia, that he has declared that Mr. Fillmore is by far the most safe and perfect candidate for President, and that he has contributed to his election. He has a large number of friends and admirers who have unbounded confidence in his sagacity and patriotism, and will go with him in supporting Fillmore. The sound, conservative men among the masses of our country, everywhere will give their support to the American candidate, who, alone of all the aspirants to the Presidency, has placed himself upon a purely national ground, and has declared his hostility to sectionalism of every character.

The report of the Times and Tribune, feeling full force of this never and unshakable rebuke to their sectional party, and being unable to give it even a plausible answer, have resorted to the subterfuge of putting an unfair, dishonest, and wilful misconstruction upon what was said. They have the baseness to attempt to make their readers believe that Mr. F. intended to say, that Fremont's election would be a decided cause for Southern disunion. After all this, they, but they cry out "treason, traitor," &c.

Having thus taken the trouble to answer the report of the Times and Tribune, we take the liberty of propounding two questions to the editors of the Times and the Tribune, and to them we say, "Is it not evident that if these were true, Col. Fremont would sweep the whole North in his election? After all this, they, but they cry out "treason, traitor," &c.

Do not the forces of a soul, emanating upon the opinions and principles of an eminent patriot and statesman deserve the premium of such a party?"

The great head of the American party labor for the Union, their great promised aim is its preservation. This principle of patriotism, of which the South is the North, to whom we owe the safety of our institutions, is the great truth.

The ladies are bravely doing their duty, a lady in a distant State sends us a money order to the Journal, "I am sorry I cannot send you a clasp chain, but I have done what I could, and shall continue to try. I have recently married, and my husband, like the young in the gospel, lacks one thing—he is a democrat. I know of no other thing he can do, but I am exceedingly anxious that he should vote the American ticket in November."

We received a short time since a letter from Breckinridge county informing us that a gentleman, who is or has been a member of the American order, says that he recently had a conversation with us at our office in which we expressed the opinion that he was not to be elected for President. We have no evidence of this, but we have no doubt that he is.

RIVER AND STEAMBOAT MATTE RS

The river commenced falling yesterday. There were scant 4 feet water in the canal last evening.

We are indebted to Mr. Woolfolk, of the John Tompkins, for papers. He brought us a package of New Orleans papers from the R. J. W. Morris.

The Moose McLean is the mailboat for Cincinnati to-day. The Emma Dean is the Carrollton packet. The five steamers J. H. Conn, Capt. Lamb, and W. H. Russell leave for St. Louis to-day. The City of Cairo and Saracen leave for Cairo. The Diamond is the regular packet for Evansville this evening. The Aunt Lydia leaves for New Orleans this evening.

At Campbellburg, Saturday, July 19th. At Fort Royal, Friday, July 20th. At Drennon's Ridge, Saturday, July 20th. At New Castle, Monday, July 28th.

PUBLIC SPEAKING AT LAGRANGE.—We gave notice a few days ago that Col. Whiteley and Robert Mallory, Esq., would address the citizens of Henry county at the following times and places:

At Campbellburg, Saturday, July 19th.

At Fort Royal, Friday, July 20th.

At Drennon's Ridge, Saturday, July 20th.

At New Castle, Monday, July 28th.

PUBLIC SPEAKING AT LAGRANGE.—We gave notice a few days ago that Col. Whiteley and Robert Mallory, Esq., would address the citizens of Henry county at Lagrange, on Monday, July 21st. We have since learned that Mr. Joe. G. Gibson, the American editor of the "Daily Standard," will speak at that occasion. Mr. Gibson is a gentleman of talents and shrewdness. He intends to enter into the politics of the State, and the cause of the South.

We are indebted to the attentive officers of the Standard and Daily of Cairo for river news. The latter brought the freight of the T. C. Twitchell from Cairo.

The steamship Baltic from Liverpool, with dates to the 25th ult., arrived about noon.

The Baltic sailed at 1 o'clock on the evening of the 23d.

The London papers, in their summaries for the week, in regard to American relations, say that judgment from the inferior courts is given in the case of the fugitives, and that the turn of the American difficulties have taken. It is surprising how much the public has been led astray by the reports of the London press. Every paper of that class devoted itself to a rather explicit account of our American difficulties, and it appears pleased with the nomination of Buchanan.

Our Liverpool correspondent adds that the Senate has passed the Internal Improvement bills, after they had been voted by a Democratic President.

The Cincinnati platform declares unwavering hostility to all internal improvements, and yet the same Democrats who voted in fixing up this platform have already passed two internal improvement bills, the President's objections to the contraband notwithstanding.

We are informed that the Cincinnati platform was purely an electioneering trick. Col. Benten says the Northern members of the convention have "spun up" the slavery portion, and now we find the Southern and Western members have "spun up" another part. Before Congress adjourns there will not be a particle of the platform left upon the stomach of a single Democrat. The platform don't agree with them, and the candidate is equally baseless.

POLITICAL MEETING AT PLEASURVILLE.—We will call attention to the speech of Rev. B. H. Cowden. The school is located in a perfectly healthy neighborhood, at a very convenient distance from the city. Mr. Cowden has had the experience of nearly a quarter of a century as a teacher in some of the most celebrated institutions of learning in the South, and few can be found who are so well qualified for the duties of his profession. He deserves and we ask for him the attention of those who desire to educate their sons properly and thoroughly.

Officers Bligh and Powell arrested an Irish steamer at the Ohio House, Water street, on a charge of robbing a German shipowner of \$300. Both worked in the same room and during the German's absence the money was taken.

The young man, who we mentioned yesterday was arrested for passing a raised bank note on a blackman, was tried before Magistrate Clement and Mallock, and acquitted. He had passed the bill on the fair ground.

Mr. Wyatt, the undertaker, requests us to say that orders left at his residence on the north side of Market street, second door below Seventh, will receive prompt attention.

HAYES'S SPRINGS BARBECUE.—Will take place on Saturday, August 2d, on the Bardswood turnpike, sixteen miles from Louisville. The ladies and gentlemen are all invited to attend, without further notice. There will be no tickets. The County and district candidates who are to discuss national policies will be expected to attend, as the good people may see fit and hear for themselves.

RALLY AMERICANS, RALLY.—The members of Falls City Council are requested to attend a regular meeting of the council this evening at 8 o'clock at the English Hotel, Falls City, between Sixth and Seventh streets.

Officers are to be elected for the ensuing six months, and speakers will be delivered by several prominent members of the American party. All members of the order are invited to attend.

The following private dispatch was received in Falls City last night. Mr. Bushaw, of New York, took a hand in the business, and makes an able, clear, and logical exposition of American principles.

His speech at Shivelyville is the beginning of his tour. We hope he will visit every county in the State. Wherever he is heard the result will be as it was in Shivelyville yesterday. The Americans will be filled with enthusiasm and the anti-Americans will be either converted to true American patriotism or will have the opportunity very shortly to join with the non-slavery party which is opposing the election of Fillmore and Donelson. The cause is prospering. Right onward is the word:

SHELBYVILLE, Ky., July 7.—The town is full of people. Roger Hansen is making the best speech ever made in this new country, and is most instructive to Southerners. The enthusiasm is tremendous among the Americans. The anti-Americans are to be elected for the ensuing six months, and speakers will be delivered by several prominent members of the American party. All thousand per cent. above par.

UNIVERSITY OF LOUISVILLE.—An enter, overlooked in the advertisement of the University yesterday, will be found corrected in our issue this morning, and the papers which have copied the advertisement will please make the correction. We announced some weeks ago that Prof. Rogers had been transferred to the Chair of Theory and Practice of Medicine. His professional learning and great experience as a practitioner will give a peculiar value to his teachings in that department.

THE CITY COURT.—Great inconvenience was recently experienced by the Judge, city attorney, and clerk to the court. The new police regulations, has one marshal, but he says that he cannot attend to all the business of the court. The marshal pockets, however, all the fees. The chief of police has, the same time instructed the watchmen not to attend to the marshal's business, and to attend the court only as witnesses. The chief, if we understand correctly, is of opinion that he will continue the hearing due to the fact that he is not to be seen in the courtroom. It is not infrequent that during the sitting of the court no marshal is to be found. This morning the monthly docket came up, but the court found itself without jury or witnesses. The Judge ordered that a rule be served on James Kirkpatrick, chief of the police, to show cause why he prohibits the watchmen from attending the court. The rule was to be made in favor of the constitutionality of these improvements, quoting the views of Jackson and Calhoun to sustain him in his position.
